

**Our topic this term is:  
The Greeks of Olympia.**

**In English**, we will be exploring Greek myths and using these to write our own myth. We will also be creating an alternative ending to a Greek myth and creating our own Greek mythical creature.

**In Maths**, we will start to explore fractions, converting between improper fractions to mixed numbers and equivalent fractions. We will also learn about tenths and how they are represented as decimals.

**In Science**, we will explore the topic of sounds with a focus on how sounds are made through vibrations, how sound travels, as well as the difference between pitch and volume of a sound.

**In History**, we will be comparing Ancient and Modern Day Greece. We will be exploring the impact of Ancient Greece on life today especially on democracy, architecture, art, and culture.

**In Computing**, we will explore the importance of sequence within an algorithm. We will use OSMO to support our coding practice.

**In Art**, we will be studying the work of artist Lucis Rie and sketch Greek designs. By the end of the term, we will have created a Greek vase using mod-roc.

**In Music**, the children will be singing a variety of song styles, taught against a backdrop of the Heroes of Troy – the story of the Trojan war. The focus will cover the following: dynamics, pitch accuracy, tone production, pulse and rhythm, phrase structure, expressive techniques, improve concentration/memory, diction, and two-part singing.

**In Personal development**, we will understand what it means to cultivate independence through target setting and discussing the relationship between money and work.

### **General information**

Homework will be set weekly on Showbie. If you are unable to access this kindly let us know so that we can provide you with a paper copy.

Reading must be completed daily, and a note made in your child's reading record book.

P.E. will be weekly on a Tuesday. Please ensure your child has on the correct PE uniform.
