

Our topic for this term is All Around the Heath.

In English, we will be using our core text *The Paper Bag Princess* to ignite the children's curiosity. They will then use this to innovate and create their own stories.

In Maths, the children will be looking at addition and subtraction within 10. They will be learning their number bonds within 10 and being able to recall these fluently.

In Science, we will be learning how plants grow and will explore how we classify plants and trees. We will be looking at how to draw a scientific picture and know how to explore and investigate using a scientific mindset.

In Geography, we will be discovering what is in our local area. The children will be analysing physical and human features in and around our local area. They will be able to look at a map and find local landmarks within the local area.

In Computing, we will learn about the importance of staying safe online and what e-safety means.

In DT, the children will be learning about levers and mechanisms.

In Music, we will begin to learn about making music and creating our own beat and rhythm.

In Personal Development, we will recognise that there are different types of families and discuss how we can remain respectful to all of them.

In our Wider Curriculum, we will be looking at the different countries that make up the United Kingdom and the different features of each country in the UK.

General information

Homework will be set weekly on Showbie. If you are unable to access this kindly let us know so that we can provide you with a paper copy.

Reading must be completed daily, and a note made in your child's reading record book.
