

Year 3 Summer 1

Topic Overview

In Summer 1, we will be learning about natural and man-made resources, renewable and non-renewable energy, and environmental awareness. We will make pledges to take steps to look after our planet.

Big Bang Day!

Children will spend the day understanding how to save the planet through sustainable activities.

Our Learning Overview

Feed the World!

English

In writing, we will be looking at suspense writing focusing on entertaining, using short sentences to build up suspense, making careful choices of vocabulary and speech.

Maths

In maths, we will continue to develop our knowledge about fractions. After that, we will learn about mass and capacity, and the different measurements that can be used.

Science

In science, we will be learning about the human body, skeletal system and healthy eating.

Geography

In geography, we will be learning about key aspects of human geography, including: types of settlements and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.

Art/DT

In art, we will explore the work of Kurt Schwitter and create our own collages in the same style.

RE

In RE, we will be learning about Christianity and Art in religion.

Computing

In computing, we will be learning simple coding which we will use when designing our version of Iron Man.
